# LAND MARK ER

The dictionary definition of a landmark was ‘an indicating stone’ that travelers used to set up as they tried to go back home safely after a long journey. Today, the meaning has expanded and now it refers to structures and sculptures that symbolize a city or a nation. The designer and architect who designs and builds a landmark is a landmarker. The Kingdom of God is the same. In history, there have always been these landmarkers behind every revival movement in the Kingdom of God. Landmarker Ministry is a ministry community who labor to equip these landmarkers in this generation and hour of history.

Landmarker Ministry was started in Seoul (2005) to share the Gospel to all nations, all generations, and all spheres of society having emphasis on city mission. Forest of Living Water Church (2014) is the basecamp of Landmarker Ministry for the incubation of International Students Volunteer Movement(ISVM) for the “Migration Mission Era” which already has come as a Missional Multi-cultural Church who are multi-ethnic, multi-cultural, and multi-lingual as the foundation for their ministries and an international church.

Landmarker Ministry is hosting HUG Festival and HUG Conference (2014) to share the Gospel to the urban generation of cities of all nations as the ministry for ‘All Nations’. Also, Landmarker Ministry co-founded Multicultural Mission Network(2015) for the ministries and ministers working for the ministries of immigrants and co-founded and now is serving RUSTA(2016, RUSSian Speaking nations To All nations) as the ministry for the Russian speaking communities in Korea from 11 CIS countries. Also, we are developing a series of Bible study books and board games for multi-ethnic communities and ministers working with ARILAC (Asia Research Institute of Language And Culture) as a united ministry for ‘All Spheres’ who are studying how to train every people group to live out the wholesome Gospel in the communities in their lives through the Scriptures.

## Meaning of Logo

### Meaning

The logo of Landmarker Ministry represents our calling and vision.

### Colors

The gradation from light green to dark green shows the image of all generations with both small and big trees growing together forming the forest of God. The blue represents unity into an ocean. The white represents holy Nazirites.

### Shapes

<b>Trees</b>	Trees represent the tree of life. (Genesis 2:9) Trees represent people of God who are born again with life of God forming one Body of Christ. The heart of God to pass this life unto next generation is expressed in trees.
<b>Leaves</b>	Leaves attached to branches of the tree represent 6 continents. The picture of these leaves branching out from one stem shows that all nations and the whole church belong to God (Exodus 19:5) and they reach out from God. It shows our aspiration to raise up the Body of Jesus Christ and people of God among all nations to share the Gospel together.
<b>Branches</b>	4 branches represent 4 rivers in the Garden of Eden. (Genesis 2:10) As if the life of Jesus Christ who is the source of life flows through these rivers unto all spheres of the nations, we express our aspiration to build up people of God who are growing up with life of God among all spheres of society.
